

Caring Honesty Respect Responsibility

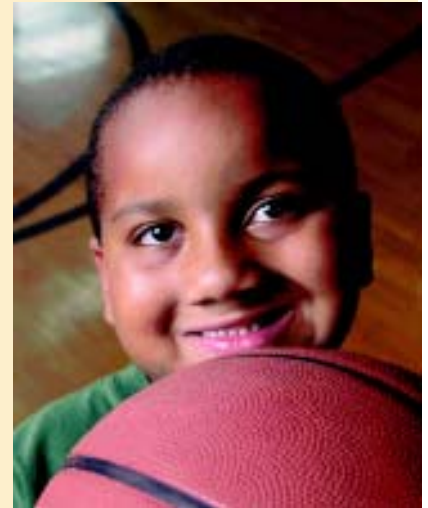

At the YMCA these are not just words, they are the core values of everything we do. For more than 150 years the community has looked to the YMCA to develop the character of both youth and adults. Through innovative programs - based on these core values- the YMCA provides the tools proven to help every kid grow up healthy and ensure that families thrive in our community.

These are challenging times for kids and families. Today more than ever, families need help to ensure their children receive enough of the attention they need to thrive. In Arcadia, Bradbury, Duarte and Monrovia, families depend on the YMCA. Each year the number of kids and families who need YMCA financial assistance increases.

Last year, the Santa Anita Family YMCA awarded more than \$120,000 in financial assistance to deserving kids and families.

That number *will* increase in the coming year.

In order to meet the growing need our goal is to raise \$150,000 in this year's campaign.

Please give.

Your support ensures that children who otherwise would not be able to afford YMCA programs and services are included. You'll not only give a child a chance to belong today, but you'll help them learn important values that will positively impact their life and your community, tomorrow.
