

Santa Anita Family YMCA

2009 Annual Community Support Campaign

The 2009 Community Support Campaign serves many purposes. It is a means to:

- Raise funds to cover program costs to children and families who cannot afford our programs.
- Provide program subsidies and community outreach services to lower-income & underserved populations.
- Create greater understanding within the community of the total scope and impact of YMCA programs.

The Community Support Campaign identifies supporters of YMCA programs, develops bonds among community members, provides opportunities for leadership skills development among participants, and shares the YMCA story with those who may not fully understand our mission.

One hundred percent of contributions to the Community Support Campaign are used to cover program costs for children and families who could otherwise not afford to participate. Each year, the Santa Anita Family YMCA holds a campaign to raise funds.

In 2008, your YMCA provided almost \$123,000 in direct program subsidies and financial assistance, with monetary support available for community members who were unable to afford program fees. Very often, those who will benefit most from YMCA programs are those least able to afford them. In short, the Community Support Campaign is what ensures that the YMCA's programs will always be open to all people.

How your dollars help:

\$75	Helps a child develop valuable swimming skills.
\$150	Enables two youth to participate in YMCA sports programs.
\$500	Sends a child to Resident Camp for one week.
\$1,000	Supports one student in Youth and Government for one year.
\$1,600	Supports a child Summer Day Camp for the entire summer.
\$2,000	Sponsors a deserving at-risk teen in our outreach middle school program.

One special part of the Annual Community Support Campaign is that it is almost completely run by YMCA volunteers. Each year, hundreds of volunteers join in to raise funds for the Campaign.
